

NEW
125 g

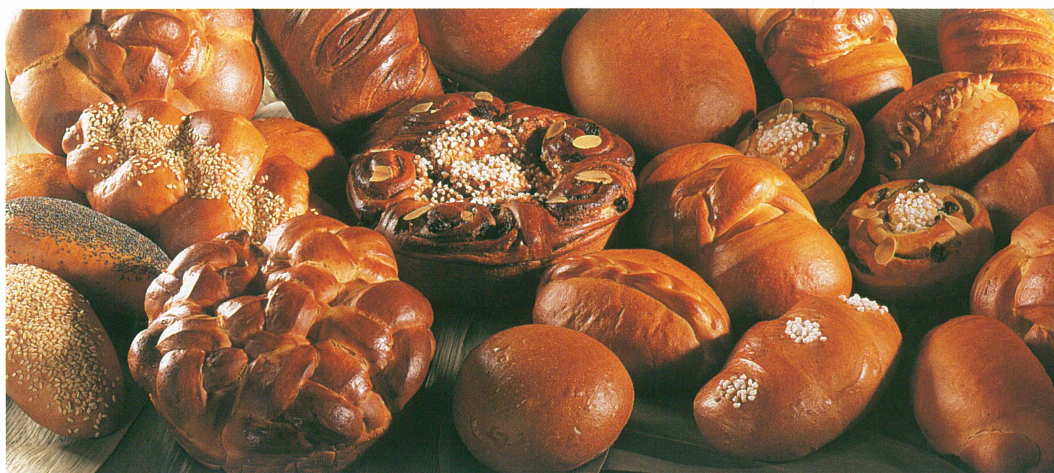

saf-instant[®]

The easy yeast

EASY OPEN AND STORAGE

 S.I. Lesaffre

ADVANTAGES:

- Practical and instantaneous use of the yeast thanks to the new easy open 125 gr. packet.
- Yeast reusable after closing of the packet with adhesive tape.
- Easy handling of packet.
- Smaller investment in a 125 gr. dose packet for an always fresh product.
- Vacuum packed **Saf-Instant** is easy to store and has a long shelf life.

DOSAGE AND USE:

- Dosage varies according to recipe used, for example: one dose packet to be used with 5 to 10 kg of flour.
- **Saf-Instant** is easy to use: can be mixed directly with the flour or added to the dough after beginning of mixing.
- Convenient for products made by housewives, pastry makers, confectionners such as doughnuts, yeast sweet raised products, steam bread, steam roll, mantou...

STORAGE:

- **Saf-Instant** yeast in 125 gr. dose packets keeps all its properties when stored in a cool and dry place in its original packing until expiration date shown on the back of the packet.
- Once opened, the packet can be stored in the refrigerator, package closed with the tape, for about one week.

PACKAGING:

Two possible presentations:

- **Carton:** 36 packets of 125 gr. each (net weight: 4.5 kg).
- **Display case:** 12 packets of 125 gr. each per display case. 3 display cases in a carton (net weight: 4.5 kg.) to make easier selling to supermarkets, small wholesalers and institutions.
